Erin Hayes : The Royal Trade: A Billionaire Prince Romance before purchasing it in order to gage whether or not it would be worth my time, and all praised The Royal Trade: A Billionaire Prince Romance:

2 of 2 people found the following review helpful. Your Majesty?By LorraineI've read three royalty romances in the past week. All written by American writers. Each writer has been confused over royal protocol. It's only the sovereign (and sometimes spouse) who is addressed as "Your Majesty". Princes and princesses are "Your Highness", or "Your Royal Highness".Still, the story was pleasant, especially because I've visited Queenstown many times over the last ten years.I think I would have liked an epilogue, set further in the future.The writing flowed easily, there were only a few editorial mistakes that I picked up, and the plot held up well. Torn between two princes is a great premise.4 of 4 people found the following review helpful. Far fetched premise that worked!By Cat LadyThis book is great. Wonderful characters and fast paced. I thought the plot would be amusing at best. It was a "read in one sitting" romance that hit all the right notes. Highly recommended!0 of 0 people found the following review helpful. Could have been so much betterBy WindRiderBoth of the main characters were likable in their own ways. Cara's ex was a powerful man but weak in the area of fidelity. Good thing that came out when it did instead of during a marriage. He is charming but also spoiled when it comes to getting what he wants, when he wants it. He's also been raised to be a mommy's boy when it comes to the Queen ruling his life. Cara expects more of the same from Eric although he proves to be more trustworthy than expected. Still, she is still reeling from her breakup and things did move pretty fast when it came to Eric's pursuit.Eric meanwhile has been hiding behind his playboy image and makes it worse because he doesn't think he will ever have a chance with Cara.This was a easy to read, interesting story idea with really good potential. I felt somewhat disappointed. I did feel like it kind of missed the mark.

Cara thought she was living the fairy tale life.After all, she is engaged to the man of her dreams, who just happens to be the prince of an island nation in the Mediterranean. But when he publicly cheats on her, her life is turned upside down and she doesn't want to come back to reality.Then Eric, her ex-fiancee's brother and a playboy prince himself, offers her the chance to run away from it all.Because he fell for her first. And he's going to prove to her that she fell for the wrong prince.

About the AuthorSci-fi junkie, video game nerd, and wannabe manga artist Erin Hayes writes a lot of things. Sometimes she writes books. She works as an advertising copywriter by day, and she's an award-winning New York Times Bestselling Author by night. She has lived in New Zealand, Hawaii, Texas, Alabama, and now San Francisco

with her husband, cat, and a growing collection of geek paraphernalia. You can reach her at erinhayesbooks@gmail.com and she'll be happy to chat. Especially if you want to debate Star Wars.
